The Udvar-Hazy Center is the companion facility to the Museum on the National Mall in Washington, DC. There are two huge hangars with displays of thousands of aviation and space artifacts, including a Lockheed SR-71 Blackbird, a Concorde, and the Space Shuttle *Discovery*. The Center also offers the Airbus IMAX® Theater and the Donald D. Engen Observation Tower, which gives you a 360-degree bird's-eye view of Washington Dulles International Airport and the surrounding area. The Center is also home to the Mary Baker Engen Restoration Hangar where preservation of the National Air and Space Museum's collections takes place. A glassed-in mezzanine provides a view of restoration projects in progress. For complete information visit: <https://airandspace.si.edu/visit/udvar-hazy-center>
